TRAINING CURRICULUM FOR COMPETENCE: PLANNING AND MANAGEMENT

Aim of the workshop

This workshop focussing on PLANNING AND MANAGEMENT is part of an eight-workshop series named “Development of Entrepreneurial Mindset of Teachers EQF Level 6”. By sharpening the teachers’ understanding of today’s importance of entrepreneurial skills and equipping them with supporting tools, they will foster the pupils’ skills related to the entrepreneurial mindset, which is seen as competence to support society, take over the responsibility for one’s own life and start initiatives that create value to society.

The Planning and management Workshop is dedicated to helping teachers learn more on how to plan and manage as well as how to boost their students’ management and planning skills.

Learning outcomes

After the end of the workshop the participants will be in a position to:

In terms of knowledge:

22. List time management techniques (SMART goals, Eisenhower Matrix, Gantt Chart) that can be used by the pupils to improve their time management skills

23. Define priorities by using SMART goals, the Eisenhower Matrix, Gantt Chart, Covey’s theory of Successful People, Personal Planning)

In terms of skills:

24. Set short and long term goals, prioritize and teach the pupils do so as well by effectively guiding and monitor their planned activities.

In terms of competences:

25. Develop pupils’ skills in order for them to be able to plan and manage their time independently.

26. Inspire pupils to stay focused and achieve their goals.
