

2nd Transnational Meeting for EnterSchoolMind, Entrepreneurship in Higher Education in Graz, Austria

The 2nd Transnational Meeting of the **EnterSchoolMind** project in Graz, Austria was hosted at the **FH Joanneum** premises with the participation of representatives of all project partners.

On the first day of the meeting, the overall course of the project has been presented and necessary clarifications have been made. The partners were then divided into working groups and reviewed the learning outcomes (based on EntreComp and selected skills) that will be used to develop project materials (ie, those that are more relevant to primary education).

Afterwards, partners were briefed on the certification procedures for both the material and the persons involved in the project. The development models of the training programs were presented and the first day was completed with the presentation of the development models of the methodological tools.

On the second day of the meeting, the partners firstly collaborated to develop student assessment tools in schools and recorded their suggestions for activities to develop students' business thinking and related learning areas. Following, partners participated in a workshop on developing stories (MyCreativeTales) that will be used to educate students on entrepreneurship. Two templates have been developed and the partners can use either they choose to develop their own educational stories.

Finally, issues related to quality assurance and dissemination of project results was discussed. The meeting was concluded by evaluating and setting the dates for subsequent actions.

The **EnterSchoolMind** project is funded with the support of the European Commission.
