## Title of story: Exploring the Nature

### Page 0

- a) **Good choice! By doing this, you are aware of environmental issues and you are making an active contribution to sustainable environmental protection.**
- b) Wouldn't it be better to think about another option to get to the meeting point? You could consider it as a preparation for the upcoming activity.

### Page 1

- a) How about thinking of other ways to get rid of the rubbish while acting more responsibly with regard to the overall environmental impact?
- b) **Great choice! You care about the environment and set a good example of handling this problem in a sustainable & exemplary way.**

### Page 2

- a) Wouldn't it feel better if you were more open towards Maria and could perceive her presence as an asset?
- b) **Great choice! You are a very attentive and compassionate person and make Maria feel welcome to join you on this trip with your friends.**

### Page 3

- a) Reflecting on your answer can help you to respond more responsibly next time. Environment concerns us all.
- b) **Great choice! You care about the environment and set a good example on how to act in an exemplary and environmentally conscious way.**

### Page 4

- a) a) Wouldn't it be better to offer your friends a few pieces of chocolate and thereby feel far better?

- b) Great choice! You have shown generosity towards your friends and as a reward you look into smiling faces.**

#### Page 5

- a) Great choice! The sustainable use of clothing is a concern for you and you make a positive contribution to the environment. In addition, you strengthen your friendship with your friend.**
- b) Maybe you could reconsider this idea and try to find a better way also in terms of sustainable use of clothes?

#### Page 6

- a) Good choice! While acting in this considerate manner and taken into account the special situation regarding the breeding season, you show special sense of capability with regard to the common good.**
- b) What about giving this a chance: Maybe you should think more about how to approach ducks without startling them?

#### Page 7

- a) This is not a great thought considering this issue. Water is an important resource we have. Wouldn't it be better to reconsider this action and find another solution instead of wasting water?
- b) Great choice! If all young people behaved in such an exemplary manner and sense of sustainable thinking, then our earth would not be in danger.**

#### Page 8

- a) What about taking some time to reflect on your reaction and perhaps try to find another way to support your friend in his loss?
- b) Good choice! By doing so, you showed that you are not completely indifferent to others and that you are thinking about ways in which you can be of help to someone while taking into account the principle of sustainability.**

#### Page 9

You reached the end of this perfect day! Your knowledge in terms of sustainable and ethical thinking will help you to find solutions to problems you may encounter in the future. Well done.

## Page 10

Well done for completing your assignment! You are concerned about and aware of your environment, about wasting resources, and you act accordingly in a sustainable and careful way without ignoring the people around you.
