Title of story: Home-schooling

Page 0

- a) **Good choice! By acting like this, you are aware of environmental issues and you are making an active contribution to sustainable environmental protection. You know that water is an important resource.**
- b) Wouldn't it feel better if you stopped wasting so much water in the shower and thought about an alternative instead?

Page 1

- a) How about thinking of other ways to get rid of the food? Especially in regard to the overall environmental impact.
- b) **Great choice! While acting in this manner, you set a good example of handling environmental problems in a sustainable & exemplary way.**

Page 2

- a) Maybe you should reconsider your answer in order to behave more responsibly in the future, for the sake of the environment.
- b) **What a great idea and choice! You care about the environment and you act consciously with regard to food wastage.**

Page 3

- a) This is not a great thought considering this issue. Maybe he should reflect on his reaction and find some other ways to support you?
- b) **Great choice! Your brother is a very attentive and empathetic person and has intuitively recognised what you have done for him.**

Page 4

- a) Maybe you should find a better way in terms of sustainable use of clothes?
- b) **Great choice! The sustainable use of clothing is a concern for you and you can additionally make a positive contribution to the environment.**

Page 5

- a) **What a great decision. It is remarkable how well you are handling food and how much you know about waste separation.**
- b) This is not the best idea considering this issue. What about taking a moment to reflect before you take action? It can help!

Page 6

- a) **Good choice! You have shown generousness to your brother, and when you share things, you feel better too.**
- b) What do you think about sharing at least a few pieces of the cake with your brother? How does that feel?

Page 7

- a) Of course it's much quicker that way but what effect would it have on the environment in the long term if everyone acted in this way? Environment should concern us all.
- b) **Great choice! If all young people would behave in such an exemplary manner and sense of sustainable thinking, then our earth would not be in danger.**

Page 8

- a) What about taking some time to reflect on your reaction and try to be more sensitive in supporting your brother?
- b) **Great choice! In doing so, you have shown that you are not totally uninterested in others and that you reflect on how you can help someone in a sustainable way.**

Page 9

You did well, but you should think about improving your knowledge in terms of sustainable and ethical thinking as this will help you in the future to solve similar problems.

Page 10

You reached the end of your assessment and you did very well! You are concerned about your environment and the importance of the resources like water or food. And you take action in a sustainable and cautious manner, without neglecting those around you.
